INTRODUCTION
AND
GENERAL INDEX

HILL DIRECTORY COMPANY, publishers of Southeastern Directories (publishers of the Fayetteville City Directory since 1906), presents to subscribers and the general public, this, the 1963 edition of the Fayetteville City Directory, which also includes Bonnie Doone, Drake Park, East Fayetteville, Lakedale, Lafayette Village, Massey Hill and Myrtle Hill.

Confidence in the growth of Fayetteville's industry, population and wealth and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Fayetteville to the world.

The enviable position occupied by HILL'S Directories in the estimation of the public, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Fayetteville Directory will fulfill its mission as a source of authentic information pertaining to the community.

Four Major Departments

The four major departments are arranged in the following order:--

I. THE BUYERS' GUIDE constitutes the first major department of the Directory, printed on yellow paper. In the first section of this department, grouped under appropriate headings, are included the advertisements and business cards of firms and individuals desiring to make a complete presentation of their products or services. Following this is the Classified Business section, which embraces a list of the names and addresses of all business and professional concerns of the community, arranged in alphabetical order under appropriate headings--a catalog of all the activities of the community. The Buyers' Guide represents reference advertising at its best, and merits the attention of all buyers and sellers seeking sources of supply or markets for goods. In a busy and diversified community like Fayetteville, the necessity of having this kind of information up-to-date and always immediately available, is obvious. The Directory is the common intermediary between buyer and seller, and plays an important role in the daily activities of the commercial, industrial and professional world.

II. THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns, is the second major department, printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Fayetteville, and the name, official personnel, nature and address of each firm and corporation in the community.

III. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE is the third major department, printed on green paper. In this section the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of tenant-owned homes and the listing of telephone numbers.

IV. THE NUMERICAL TELEPHONE DIRECTORY is the fourth major department, printed on blue paper.

Community Publicity

The Directory reflects the achievements and ambitions of the community, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To

broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Fayetteville and vicinity.

The Fayetteville Out-of-Town City Directory Library

Through the courtesy of the publishers of the Fayetteville City Directory, a Directory Library is maintained in the offices of the Fayetteville Area Chamber of Commerce, for free reference by the general public. This is one of more than 1,000 Directory Libraries installed in the cities and towns throughout the United States, Canada and Puerto Rico by members of the Association of North American Directory Publishers, under whose supervision the system is operated.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

FAYETTEVILLE—CUMBERLAND COUNTY

Aerial View of Downtown Fayetteville

A Growing Metropolitan Area in North Carolina

Situated at the head of naviagation, 115 miles inland on the Cape Fear River, this area has shown a remarkable growth during the past twenty years:

	1963*	1962	1960	1950	1940
Fayetteville			47,106	34,715	17,428
Other	171,300		101,312	61,291	41,892

*Projected Population--December 31, 1963; Sales Management-November 10,-1962.

Present indications are that this rate of growth will most likely continue, with a more complete utilization of its many natural advantages and resources.

Located midway between New York and Florida on the new Interstate 95, the area is of course between two tremendous markets. Being situated on the main line of the Atlantic Coast Line and also being served between these two areas by Interstate 95, transportation is of the finest. For the heavier or bulkier needs, Fayetteville is the head of navigation on the Cape Fear River, which accommodates standard size river barges that can presently originate or terminate from Jacksonville, Florida on the South to Trenton, New Jersey to the North.

North Carolina's Governor Terry Sanford is a splendid example of the aggressive and progressive young men who are definitely "on the go" for "The Old North State." Governor Sanford is from Fayetteville.

Five banks, with resources totaling $561,529,138, and three Savings & Loan groups with assets amounting to $48,154,255 serve the financial needs of the area.

One hundred sixty-two churches provide a considerable portion of the area's social life. These represent all major denominations including Catholic, Jewish and most all protestant.

The area provides a modern educational system. The Fayetteville City Schools presently have an enrollment of 11,126 in eighteen buildings, with 796 instructors. The Cumberland County System operates thirty-four buildings with 661 teachers for 19,749 students. Two parochial schools through the eighth grade operate for an enrollment of 605.

In addition to elementary education, Fayetteville has recently opened a new $500,000 Industrial Education Center for Vocational training.

A modern private business school, Worth's, works with a combined day and night enrollment of some two hundred.

Fayetteville has two institutions of higher learning, four year Methodist College, opened Fall of 1960, below and Fayetteville State Teachers College, established in 1877. Methodist College, sponsored jointly by the Church and the Community, is being developed progressively with another class being

Three hospitals with 717 rooms presently operate within the City. Cape Fear Valley and Highsmith are public while the third is a U. S. Veterans Hospital. The community currently has some sixty-six physicians and surgeons, not including those with the Veterans facility.

Fayetteville and Cumberland County have kept pace with the rapid growth indicated and yet have been able to accomplish this without having to levy prohibitive taxes.

The city, with five fire stations, 74 firemen and very modern equipment provides the community with an NB3 fire insurance rating. There is none better in North Carolina.

Its water system, with practically unlimited quantities for future development and expansion, is kept well in advance of existing needs. The City also operates a highly modern sewage treatment plant.

The municipal park system now contains some 200 acres, divided among some 34 areas. Regular organized programs in arts and crafts supplement the regular park operations.

Fayetteville enjoys a very large retail trade. Gross retail sales for Cumberland County during 1962 totaled in excess of $177 million. In addition to a modern and complete downtown area, Fayetteville has four active new shopping centers in the outlying area plus another that is presently under construction.

Homes are a very fine part of this thriving community with over twenty new developments presently active to fill the demand for housing in price ranges from $10,000 on up.

Fayetteville has two Country Clubs, each with an eighteen hole golf course and other facilities. For the avid golfer, should he want further fields to conquer, it is barely an hour's drive to all the world renowned courses in the Pinehurst-Southern Pines Area.

River Front Development

Highland Country Club - One of Two

A glance at these new or recent installations along the banks of the Cape Fear River are enough to assure the Fayetteville-Cumberland County Area of a continual expansion and growth. In addition to the transportation features offered by this famous old river that brought many of our Country's first Scotsmen to the Carolinas, it has an average daily flow of some three billion gallons that has scarcely been tapped.

Please! Do Not Lend Your CITY DIRECTORY

IT COSTS YOU MONEY—Every Time it Is Loaned

The practice of lending your City Directory, in a great measure, is responsible for the increasing cost of Directory Service.

The reason is:—

There is a definite cost involved in the making of the DIRECTORY of Your City.

THIS COST MUST BE ABSORBED BY THE SUBSCRIBERS—BE THEY ONE—OR BE THEY 1000.

If there were but ONE SUBSCRIBER to the CITY DIRECTORY--THE ONE SUBSCRIBER would of necessity have to absorb THE WHOLE COST.

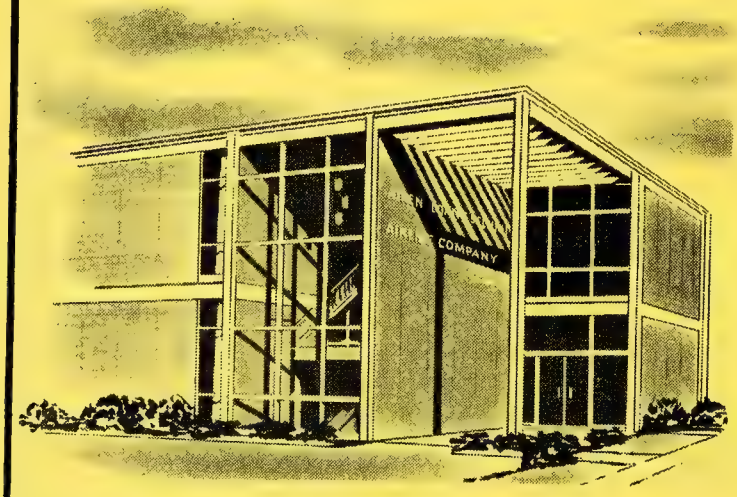
If there were 100 SUBSCRIBERS—each one would have to absorb 1/100th PART OF THE WHOLE COST.

If there were 1000 SUBSCRIBERS—each one would have to absorb 1/1000th PART OF THE WHOLE COST.

From which it is obvious that the GREATER the number of subscribers —the LESSER the cost to each.

And

It is also obvious that the LESSER the number of subscribers—the GREATER the cost to each.



Every time you loan your City Directory the LESS NECESSITY THERE IS FOR THE BORROWER TO SUBSCRIBE FOR THE SERVICE.

MORE BORROWERS result in FEWER SUBSCRIBERS which means INCREASED COST.

★ *Out of Business* ★

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

★

The City Directory is the natural medium for keeping a business or product name in the spotlight. *Insist on being well represented in its pages.*

CAUTION....

Pay no money in advance to itinerant Directory canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

"r"—RESIDENT
"h"—HOUSEHOLDER

"r" AND "h"

Two important symbols are used in your City Directory. The symbol "r," before an address stands for "Resident." That person resides at that address but is not the head of the family or family head. The symbol "h" stands for "Householder"—the person in whose name the home is occupied.

Know Your Directory SYMBOLS

"r" AND "h"

Two important symbols are used in your City Directory. The symbol "r", before an address stands for "Resident". That person resides at that address but is not the head of the family or family head. The symbol "h" stands for "Householder"—the person in whose name the home is occupied.

CAUTION . . . . . .

Pay no money in advance to itinerant Directory Canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

Do your employers furnish you with the latest edition of the City Directory

?

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

EXPLANATION

Wives names are listed with husbands, the name of the wife is shown in parenthesis following the husband's as follows: Gregory Richd M (Mary L).

In case of a widow by death, wherever possible the name of the deceased husband is shown in parenthesis as follows: Gregory Mary L (wid Richd M).

The occupation and place of employment is listed as follows: Gregory Richd M (Mary L) slsmn Starr Clothing Co.

Names in **heavy type** denote advertisers in this City Directory.

Ownership or co-ownership of a firm is indicated by showing the individual's name in parenthesis following the firm name, as follows: Carson Grocery Co (Geo B and Paul N Carson).

A firm name enclosed by parenthesis indicates ownership or co-ownership by the individual whose name precedes, as follows: Carson Geo B (Carson Grocery Co).

The head of the house is indicated by h preceding the street address; other members of the family and roomers are indicated by r preceding the street address.

The word street is not used in addresses. Where a designation av, cir, ter, etc., does not appear, the designation st is understood.
